Time for networking! Exchange ideas outside the presentations and make new contacts with visitors.

MAIN STAGE

12:15 Sustainability reporting and ESG criteria

Interactive discussion format where leading experts and opinion leaders explore the growing importance of environmental, social and governance (ESG) criteria in financial reporting. In a unique constellation of four permanent panelists and one open chair, a lively debate will be sparked on best practices in integrating ESG aspects into financial reporting and financial analysis.

Topics in focus:

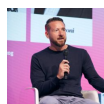

The evolution of ESG reporting: from its beginnings to current developments. Integration strategies: Successful ways to link ESG factors with traditional financial metrics. Impact on company valuations: Discussion on the impact of ESG reporting on company valuations and investor interest. Strategic planning: How companies can integrate ESG considerations into their long-term strategic planning."
